KARABAR HIGH SCHOOL

BYOL PROGRAM – LAPTOP SPECIFICATIONS

Hardware Specifications:

The laptop must meet **all** of the following requirements:

Type of laptop	Laptop or 2-in-1 device Note: mobile phones are not approved devices and iPads/tablets are not recommended
Physical Dimensions	Minimum Screen Size: 10"
Operating System	Windows 10 (**not** 'S Mode') – version 21H2 or above (Apple MacOS and Google Chromebook are **not** recommended)
Wireless Compatibility	Laptop must support **5GHz dual band** This may be advertised as "Dual Band Wireless", "802.11abgn", "802.11agn", "802.11ac" or "Gigabit Wireless". Laptops marketed as "802.11bgn" **will not** connect to the school's Wi-Fi To check if your laptop has 5GHz dual band, see: www.linksys.com/support-article?articleNum=138023 (Windows) www.linksys.com/support-article?articleNum=142424 (Apple)
Battery Life	Advertised battery life of at least five hours

** Please take special note of the Wireless Compatibility requirements
– this is the most important specification to ensure you get right **

Additional Considerations:

The following are not essential but are suggestions as to what else you should consider:

Recommendations	Weight: ensure you select a laptop that is suitable for your child to carry RAM: 8GB minimum (although 16GB is recommended) Disk configuration: Solid State Drive (SSD) – minimum 128GB (240GB is recommended CPU: Pentium or equivalent minimum (i3 or above is recommended)
Insurance	Accidental loss and breakage insurance
